Arizona Public Law

Geoengineering/Chemtrails

We, The Arizona Assembly, a member of The United States of America unincorporated, with lawful superior concurrent general jurisdictions over land, soil, sea, and air in Arizona, hereby issue Public Notice to all people that it is declared and recorded by roll call vote, Arizona Public Law APL1001.

Arizona Public Law APL1001 declares that all corporations and entities operating on our land and soil are liable for any and all activities, and the consequences of those activities, that result in any physical, physiological, psychological, spiritual damage or biochemical injury to the living people and the land, water, animals, insects, and natural environment of Arizona. No corporations, entities or their principals will be immune to prosecution for said harmful activities or results of those activities beginning May 1, 2024.

This is concurrent with Public Laws A1010224 and A1010124 passed by all 50 states of The United States of America, unincorporated. These public laws apply to all Americans in every state.

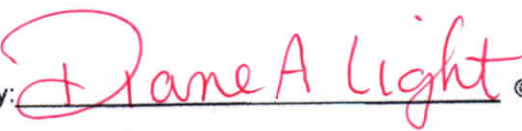

Geoengineering and Chemtrails for Arizona

It shall be unlawful for any person, company, corporation or agency to knowingly and willfully inject, release or disperse by any means chemical compounds, electromagnetic radio waves, microwaves and pulses, frequencies, any substances or apparatus within Arizona State into the atmosphere with the express purpose of affecting temperature, weather or the intensity of the sunlight. Banned shall be chemicals such as boron, strontium, aluminum, sulfur, nano particles, and other heavy metals used in weather and climate modification.
