Immediate Border Closure Notice

We, the living people, of Arizona, are the long-lost owners, inheritors, possessors, the Donor-Beneficiaries, the ones who hold the only survivor-ship interest in all these named Estates, Trusts, and Legacies. The Arizona Assembly is the only lawful government on Arizona, a member of the 50 States of the Union of the Federation of States of The United States of America Unincorporated. We have Superior Concurrent General Jurisdiction over all!

We the people of The Arizona Assembly have had enough of immigrants and illegal immigrants/newcomers, crossing the border and causing chaos on our land. Many immigrants, have received prepaid credit cards, food cards, temporary housing in hotels, and transportation, given to them by your governmental services corporations, State of Arizona, and/or STATE OF ARIZONA; Despite being given resources not afforded to the homeless or veterans, these immigrants and illegal immigrants/newcomers are running amok in Arizona causing crimes, such as murder, human, child and drug trafficking, assault, robbery, trespass, etc. It is an invasion of our cities, counties, state and country.

We the people sent you a notice to close the border on September 8, 2023, a second notice on October 2, 2023 and a claim/invoice on October 17, 2023. You have disrespected and ignored our previous notices and claim.

We expect, and demand you use the national guard or other such state military to seal the border from further immigrants and illegal immigrants/newcomers, while keeping the delivery of goods and services unabated.

We object to your border policies and the impact that it has on our People, land and soil. You are out of compliance and in breach of trust and breach of your employment contracts!

You are expected to respond to this notice immediately! If you refuse, reject or deny this notice, you automatically acquiesce.
