- Final Judgment and Civil Orders of April 11th of 2014 (<https://www.annavonreitz.com/finaljudgmentwithaddendums.pdf>) and Default Judgment against your parent corporations the United States of America, Inc. and the UNITED STATES, INC. were received by these entities in April of 2014 and have been published publicly for 11 years. Per the principals and agents doctrine you have had knowledge of each fact in this document for 11 years.

As Notice to Principals is Notice to Agents and Notice to Agents is Notice to Principals, you have all had ample time with the aforementioned educational materials to understand the truth of the situation we are all in and act lawfully, but you have failed to do so. We have made MANY attempts to work with you and you have failed to acknowledge our efforts to educate you via Presentments both as an Assembly and individually. Your silence is dishonor and acquiescence in commerce, and we are accelerating service in light of your dishonoring our Presentments per UCC 1-309.

You have received all necessary information to understand the Great Fraud and related crime that you are perpetuating and you have failed to acknowledge it, indicating that you are either incompetent or criminal. The Arizona Assembly(c), the ONLY rightful and lawful government of the People of Arizona has had enough of your criminality and incompetence as our employee. We are resorting to due process as remedy for your egregious crimes against us, as you continue to reject our opportunities to meet and discuss the situation, and remain in honor like intelligent adults.

Facing the chaos at the end of the American Civil "War," President Lincoln invoked The Lieber Code (General Orders 100) to create a state of emergency to justify overreaches of Federal employees against the people of this country. This state of emergency has not existed for 160 years, and your overreach must stop. The U.S. Supreme Court decided a landmark case in 1866 which still stands in Ex Parte Milligan, codified in U.S. Code as 71 U.S. 2 (1866). Quoting Section 98 of this code:

"Therefore, anyone who declares the suspension of constitutionally guaranteed rights (which we are heir to and which we claim via expatriation from any conferred status as federal citizens) and attempts to enforce such suspension within the 50 independent, sovereign, continental United States of America, is making war against our constitution(s), and, therefore, we the people. They violate their constitutional oath and, thus, immediately forfeit their office and authority and their proclamations may be disregarded with impunity..."

By failing to acknowledge our Presentments you are ignoring our status and standing as Americans - both individually and as an Assembly. In doing so, you are guilty of Treason and attempting to do harm to Americans, two crimes we take VERY seriously. Per the above, your actions are not only suitable for immediate removal from office, but potentially execution.

Enclosed are Arizona Public Laws #1001, #1002, #1003, #1004 and #1005, passed unanimously by The Arizona Assembly(c). We suggest that you take these Public Laws seriously and implement them immediately, or we will continue to bill and lien both you and your parent corporations for your crimes against us. Should you wish to discuss these laws and the potential to work together amicably, please contact Dennis Knill, Chair of the Arizona Assembly within 2 days of receipt of this Notice at (928)

- Final Judgment and Civil Orders of April 11th of 2014 (<https://www.annavonreitz.com/finaljudgmentwithaddendums.pdf>) and Default Judgment against your parent corporations the United States of America, Inc. and the UNITED STATES, INC. were received by these entities in April of 2014 and have been published publicly for 11 years. Per the principals and agents doctrine you have had knowledge of each fact in this document for 11 years.

As Notice to Principals is Notice to Agents and Notice to Agents is Notice to Principals, you have all had ample time with the aforementioned educational materials to understand the truth of the situation we are all in and act lawfully, but you have failed to do so. We have made MANY attempts to work with you and you have failed to acknowledge our efforts to educate you via Presentments both as an Assembly and individually. Your silence is dishonor and acquiescence in commerce, and we are accelerating service in light of your dishonoring our Presentments per UCC 1-309.

You have received all necessary information to understand the Great Fraud and related crime that you are perpetuating and you have failed to acknowledge it, indicating that you are either incompetent or criminal. The Arizona Assembly(c), the ONLY rightful and lawful government of the People of Arizona has had enough of your criminality and incompetence as our employee. We are resorting to due process as remedy for your egregious crimes against us, as you continue to reject our opportunities to meet and discuss the situation, and remain in honor like intelligent adults.

Facing the chaos at the end of the American Civil "War," President Lincoln invoked The Lieber Code (General Orders 100) to create a state of emergency to justify overreaches of Federal employees against the people of this country. This state of emergency has not existed for 160 years, and your overreach must stop. The U.S. Supreme Court decided a landmark case in 1866 which still stands in Ex Parte Milligan, codified in U.S. Code as 71 U.S. 2 (1866). Quoting Section 98 of this code:

"Therefore, anyone who declares the suspension of constitutionally guaranteed rights (which we are heir to and which we claim via expatriation from any conferred status as federal citizens) and attempts to enforce such suspension within the 50 independent, sovereign, continental United States of America, is making war against our constitution(s), and, therefore, we the people. They violate their constitutional oath and, thus, immediately forfeit their office and authority and their proclamations may be disregarded with impunity..."

By failing to acknowledge our Presentments you are ignoring our status and standing as Americans - both individually and as an Assembly. In doing so, you are guilty of Treason and attempting to do harm to Americans, two crimes we take VERY seriously. Per the above, your actions are not only suitable for immediate removal from office, but potentially execution.

Enclosed are Arizona Public Laws #1001, #1002, #1003, #1004 and #1005, passed unanimously by The Arizona Assembly(c). We suggest that you take these Public Laws seriously and implement them immediately, or we will continue to bill and lien both you and your parent corporations for your crimes against us. Should you wish to discuss these laws and the potential to work together amicably, please contact Dennis Knill, Chair of the Arizona Assembly within 2 days of receipt of this Notice at (928)

Per the principals and agents doctrine you have had knowledge of each fact in this document for 11 years.

As **Notice to Principals is Notice to Agents and Notice to Agents is Notice to Principals**, you have all had ample time with the aforementioned educational materials to understand the truth of the situation we are all in and act lawfully, but you have failed to do so. We have made MANY attempts to work with you and you have failed to acknowledge our efforts to educate you via Presentments both as an Assembly and individually. Your silence is dishonor and acquiescence in commerce, and we are accelerating service in light of your dishonoring our Presentments per UCC 1-309.

You have received all necessary information to understand the Great Fraud and related crime that you are perpetuating and you have failed to acknowledge it, indicating that you are either incompetent or criminal. The Arizona Assembly(c), the ONLY rightful and lawful government of the People of Arizona has had enough of your criminality and incompetence as our employee. We are resorting to due process as remedy for your egregious crimes against us, as you continue to reject our opportunities to meet and discuss the situation, and remain in honor like intelligent adults.

Facing the chaos at the end of the American Civil "War," President Lincoln invoked The Lieber Code (General Orders 100) to create a state of emergency to justify overreaches of Federal employees against the people of this country. This state of emergency has not existed for 160 years, and your overreach must stop. The U.S. Supreme Court decided a landmark case in 1866 which still stands in Ex Parte Milligan, codified in U.S. Code as 71 U.S. 2 (1866). Quoting Section 98 of this code:

"Therefore, anyone who declares the suspension of constitutionally guaranteed rights (which we are heir to and which we claim via expatriation from any conferred status as federal citizens) and attempts to enforce such suspension within the 50 independent, sovereign, continental United States of America, is making war against our constitution(s), and, therefore, we the people. They violate their constitutional oath and, thus, immediately forfeit their office and authority and their proclamations may be disregarded with impunity..."

By failing to acknowledge our Presentments you are ignoring our status and standing as Americans - both individually and as an Assembly. In doing so, you are guilty of Treason and attempting to do harm to Americans, two crimes we take VERY seriously. Per the above, your actions are not only suitable for immediate removal from office, but potentially execution.

Enclosed are Arizona Public Laws #1001, #1002, #1003, #1004 and #1005, passed unanimously by The Arizona Assembly(c). We suggest that you take these Public Laws seriously and implement them immediately, or we will continue to bill and lien both you and your parent corporations for your crimes against us. Should you wish to discuss these laws and the potential to work together amicably, please contact Dennis Knill, Chair of the Arizona Assembly within 2 days of receipt of this Notice at (928)

821-0785. If you fail to contact The Arizona Assembly(c) within 2 days of this Notice, you acquiesce to everything in the enclosed True Bill notices.
